SDG 15

Life on Land

GLOBAL DCU
CHALLENGES

What are SDGs?

The Sustainable Development Goals (SDGs) are 17 interlinked goals created by the UN in order to end poverty and create a sustainable world.

... And SDG 15?

SDG 15 focuses specifically on promoting the sustainable use of terrestrial ecosystems, halting biodiversity loss and desertification, and sustainably managing forests.

Targets of SDG 15

Achieve a land
degradation
neutral world by
2030

Protect and
prevent the
extinction of
threatened
species

Promote equal
sharing of
benefits arising
from use of land
resources

Introduce
measures to
reduce the
impact of alien
species on native
ecosystems

Increase financial
resources from all
sources to protect
ecosystems and
prevent
biodiversity loss

What can
you do to
help?

Help in
cleaning and
maintaining
your local parks
and forests

Plant local
pollinator
friendly plants
in your gardens

Try to buy
organic
produce where
possible

Be conscious
of your water
usage

Compost your
food scraps,
allowing
nutrients to
be recycled
